

**FLORIDA FLOWER SHOW JUDGES
PRESIDENT MESSAGE**

Looking ahead to the next two years with hope and renewal to “ LOVE WHAT DO” makes all the difference in your choices and personal goals.

We look for inspiration in our gardens, designs, symposiums, Judges Council programs and Flower Shows. Gardening is so satisfying whether you’re potting a container or planning a garden. The choice of plan is creative as is your choice of materials for a design.

Exchanging plants with your neighbors can bring new members into your garden club. We need to expand our garden clubs and gather new members for our Flower Shows Schools to replenish our experienced Judges as they go Emeritus. Floral Design Courses are the first step to encourage Flower Show participation.

Symposiums are wonderful sources of information and challenges as a judge, don’t miss an opportunity to attend oftener than every three years. Extend a helping hand to others, embrace new garden club members, be a role model as a judges and best of all , do it with love and a smile!

Carla Gaut, FFSJ President
