## A Legacy to Build On

FFGC has a proud history in the state of Florida. Our members are passionate about protecting and preserving the natural beauty of our state. We provide youth and adults with educational opportunities and avenues for forming friendships with others of like-minded interests. In our organization, past and future intersect.

# Meet the Members

United by shared interests, our members are men and women of all age groups, from varied walks of life. Many are seasonal residents of our state, and many are transplanted gardeners who want to learn more about gardening in Florida. FFGC members are an enthusiastic, lively and energetic group who enjoy making a difference in the communities in which they live.

Environmental Study

FFGC is dedicated to:

- studying horticulture and the artistic use of plant material
- protecting and conserving natural resources
- promoting civic service and roadside beautification
- advancing the study of gardening, horticulture and floral design
- nurturing youth and providing scholarships
- networking and lifelong learning
- the study of gardening as an art, science and a hobby

As thoughtful citizens, we participate in the legislative arena, emphasizing environmental awareness and ecological responsibility. As stewards of the land and environment, FFGC is committed to preserving for future generations the natural assets of our state that have been entrusted to us. To this end, we arm our members with knowledge.

# Making an Impact

*"The greatest thing a generation can do is to lay the stepping stones for the next generation."*

- Charles Kettering, inventor
