

Al Latina

1st V.P.

Sept. 2018

This Vice President had a productive few months since last providing a report at the FFGC Convention. Attendance at FFGC/UF Short Course held in Gainesville in June was very interesting and educational as it usually is. During the summer months most of the time was given to email communications with FFGC's President and other Officers about matters of importance to FFGC. Also, budgets, financial statements, and requests for consideration of the Finance Committee were accepted. The July meeting of the Finance Committee at Headquarters lasted for 6 hours, and will be followed by an expected 2 hour meeting at State Boards in Sept. Matters of interest discussed during these two meetings will reported in the Finance Committee report.

Chairmanship in the Amazon Associate's program continued throughout the time period and results are included in a separate report.

Summary: The 1st V.P. attended FFGC/UF Short Course, collected submitted budgets and financials for review or approval at the Finance Committee Meetings, and continued promoting the Amazon Associates Program.
